

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is a clear example of the dangers of media consolidation.

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. Sinclair's use of the airwaves in this instance is a concerted and corporate effort to DERAIl democracy and usurp federal election laws governing corporate backing of political speech.

Please look into this and rule in a timely manner, as this is a request for the FCC to stop this broadcast before it begins. Thank you.
